

# Our Indestructible, Reinforced Steel Skeleton Chiavari Chairs

Ours is the strongest Chiavari chair on the planet. It's Commercial-Grade Steel Reinforced. -- combining strength with beauty.

- ✓ A 16-gauge steel skeleton is what makes our Chiavari chairs stronger and more resilient than other chairs.
- ✓ Our inner resin core matches the paint color -- so even tough scratches are virtually invisible.
- ✓ We apply a clear coat primer and allow it to cure, ensuring a hard and resilient foundation.
- ✓ For that exquisite, glossy finish, we employ automotive paint, known for its durability and deep luster.
- ✓ The finishing touch: An automotive shine! We apply a final clear coat to safeguard the integrity of the paint.

We use ONLY NEW RESIN to craft our chairs. Others may use recycled resin. It's cheaper, but recycled resin can compromise a chair's strength and beauty. And our chairs are 100% recyclable, strong and beautiful.

## Inside the Steel Skeleton:

This cross section shows an indestructible 16-gauge Steel Skeleton, "Best In Class Steel" wrapped in resin, finished with 4 coats of high-quality automotive paint protection.

All the extra steps and care in manufacturing adds up to the most beautiful chair ever.

**FREE Extended Warranty!**  
Free Extended warranty -- a \$14.99 value, extends your warranty from 2 to 4 full years!\*

**Stronger and Prettier!**  
**We use Only 100% New Resin In All Our Chairs!**

*Our competition uses recycled resin to save money -- but that makes for a weaker chair. We use only 100% NEW Resins to insure that our chairs are the strongest, prettiest and most durable!*

*Our competitor's recycled notice*

## What Makes Our Chairs Different?

**Reinforced Steel Skeleton** 16 gauge steel skeleton is what makes our Chiavari chairs stronger and more resilient than other chairs.

**Color-Matching Resin** Our inner resin layer matches the paint color -- so even tough scratches are virtually invisible.

**Clear Coat Primer** We apply a clear coat primer and allow it to cure, ensuring a hard and resilient foundation.

**Automotive Paint** For that exquisite, glossy finish, we employ automotive paint, known for its durability and deep luster.

**Our Protective Rubber Pads For Safe Stacking!**

*Stack our chairs easily and safely. Our Steel Skeleton chairs include a series of "pads" on the bottom of the lower rung that protect the chair when stacking to avoid chipping, scratches and other damage.*

**An X-RAY View of Our Steel Skeleton Chair**

**Our Inner Steel Skeleton** ➔

**Our Steel Skeleton: Delivering strength.**

*Actual X-Ray images show the steel inner skeleton beneath the beautiful painted resin finish. This is the strongest, prettiest and most durable Chiavari chair available today.*
