Our resin folding chairs are the next generation of the folding chair. They look so much like real wood, most guests will never know the difference -- but our resin folding chair is stronger, easier to clean, does not require touch-up paint and has a built-in stacking feature. Quick setup, quick breakdown. Easier than wood, with all the natural beauty of the real thing.

What Makes This Chair Different?

Highest Quality Resin

The secret to our chair's strength is the high-quality Resin. Our formula is blended into crystal polystyrene to increase its impact and toughness without sacrificing clarity and transparency. Outdoor events? No problem.
